

TELEGRAPH NOTES.

OMAHA, Sept. 3.—As a sequence of Bishop Scannell's arrest for contempt of court yesterday in refusing to open the doors of St. Paul's Church on the order of the District Court, services were held there today under police protection by the Bishop's opponents. Mounted police surrounded the church and prevented a riot. The court officers started to burst the doors down, but duplicate keys were found by the janitor.

Over one hundred friends of the Bishop surrounded the church and watched the service through the windows, but offered no violence. A riot was said to be imminent when the police arrived. The trouble is not yet ended.

MADRID, Sept. 3.—The Gazette published today a decree canceling the reciprocity treaty between the United States and Cuba, the cancellation to take effect the moment the United States applies the customs tariff.

Instructions have been sent to the Spanish colonies that charges which cleared from the United States before the new tariff went into effect are to pay the old rate of duty.

Negotiations are now progressing for a new commercial treaty between the United States and the Spanish colonies.

ST. PAUL, Minn., Sept. 2.—Six towns completely destroyed and more than 500 dead in the present record made by the forest fires in this state in the past twenty-four hours.

In Hinckley, Sandstone, Pokegama, Skunk Lake and Mission Creek there are 355 known dead. The destruction was complete in most of the towns named and the loss of life will not be known definitely for several days.

The fire first struck Hinckley on the east side of the Duluth track, and for the first time the brave fire fighters gave up the unequal battle and turned their attention to their personal safety.

There were many families of five, six and seven, and there they lay, the men generally a little in advance, and the mother surrounded by her little ones. The situation at Sandstone is even more appalling than at Hinckley. Of the 200 residents one-fourth are dead.

In addition to the forty-five bodies at Sandstone there are twenty at Kettle River Junction. All the settlers in the vicinity are probably burned to death.

When about two miles north of Hinckley, the engineer James Root first discovered the fires, which had been raging on both sides of the track, were racing him for his life and the lives of his passengers.

The smoke was so dense that it was impossible to see beyond the cab windows even with the powerful headlights. He thought he could outrun the flames but discovered that they were too fast for him and overtook the train and covered the train with flames.

The clothes of the engineer and fireman caught fire. Fireman McGowan leaped into the water tank, and seizing a bucket, dashed water several times over the burning engineer.

Several of the male passengers leaped headlong through broken windows and immediately a dozen more followed, only to meet death in the flames. Engineer Root decided to turn back over the five miles of burned territory rather than encounter possibly greater perils before them.

He backed at a fast speed to Skunk Lake. The passengers deserted the train here and took refuge in the swamp, where they spent the night. Engineer Root lies at his home, too badly injured to be interviewed.

BUZZARD'S BAY, Mass., Sept. 2.—President Cleveland, the hermit of Buzzard's Bay, remained at home all day.

NEW YORK, Sept. 2.—Champion James Corbett reached town this morning. Regarding the Sioux City Athletic Club's offer, he said: "I am willing to fight Jackson in Sioux City, and will meet the club's representative any day this week."

The \$3000 sent on from Sioux City is a pretty good indication of the club's solidity. I shall name no conditions which will either the club."

It is estimated that 24,000 persons connected with the clothing trades of this city will to-morrow morning be out on strike unless the employers will accede to the demands for more wages and less working hours. The 700 finishers who went out according to agreement on Saturday, threw out more than 1000 operators.

OMAHA, Sept. 1.—Judge C. R. Scott of the District Court has issued an attachment for the person of Richard Scannell, Bishop of the Roman Catholic diocese of Omaha, for contempt of court. The action grows out of the removal of the priest of St. Paul's Church by the bishop. Judge Scott had granted an injunction preventing the bishop from interfering with the conduct of the church pending a hearing of the court.

Judge Scott is a strong member of the A. P. A., and recently gained notoriety for causing the arrest of Editor Rosewater of the Bee on a charge of contempt of court.

At 3 o'clock Bishop Scannell appeared in court. He was not formerly under arrest, having been merely notified by a constable to be present. The contempt proceedings were continued. Judge Scott then ordered the bailiff to secure the keys to the church and open it to the public.

The bishop then asked the Chief of Police to send an officer to prevent the forcible entry. Thereupon the Judge declared he would have the Chief arrested if he did. The church will be opened to-morrow. Bloodshed is feared.

HONOLULU, Aug. 31.—A terrible fire has occurred on the Canton river, hundreds of flower boats being burned. At least 1,000 natives perished in the flames. The flower boats were moored stem and stern in rows and a large number of persons lived upon them. The spread of the conflagration from one boat to another was so rapid that the unfortunate Chinese had no time to cut them from their moorings, a strong wind materially helping to increase the fire. Many hundreds of persons leaped overboard and were drowned.

NEGAMUN, Mich., Aug. 30.—Heavy fires are still raging in the Trout Creek district. The Diamond match company has lost fully 90,000,000 feet of lumber and the Nester estate about 20,000,000 feet. The loss to the homesteaders is very great.

WASHINGTON, Aug. 27.—Billy Schriver, "Star" catcher of the Chicago base ball club, caught a ball thrown from the top of the Washington monument a distance of 500 feet.

Henry Demps, plaintiff in error,

vs.

W. E. Griffin.

In error to the Supreme Court of the State of Nevada.

Mr. J. H. Ralston, of counsel for the defendant in error, suggested the death of Henry Demps, deceased, as a ground for setting aside the judgment of the court in error, and moved the court for an order, under the 15th rule, to make the proper representation parties. Whereupon the proper representatives of the said Henry Demps, deceased, as aforesaid, shall voluntarily become parties within the first ten days of the ensuing term of this court, the defendant in error shall be allowed to have the writ of error dismissed; provided, however, that a copy of this order shall be printed in some newspaper of general circulation within the state of Nevada, for three consecutive weeks, at least sixty days before the beginning of the term of the Supreme Court next ensuing, to-wit: October 15th, 1894.

Platform.

Your Committee on Resolutions and Platform, having attended to the duty assigned them, beg leave to make the following report:

Witnesses: It has been demonstrated by the history of the last two years—pregnant with lessons and bankruptcy, corruption and cowardice in foreign relations, disaster and death, starvation, strikes and general stagnation of all business enterprises—that the People's Party was formed not to avert the complete destruction of our form of government and the liberties of our people. Therefore be it

Resolved: That we endorse the declarations and platform of the People's Party adopted at Omaha on the 4th of July, A. D. 1892, as follows:

PEOPLE'S PARTY PLATFORM.

Adopted at the National Convention July 4, 1892.

We declare—1. That the union of the labor forces of the United States, this day consummated, shall be permanent and perpetual. May its spirit enter into all hearts for the salvation of the Republic and the uplifting of mankind.

2. Wealth belongs to him who creates it, and every dollar taken from a worker without an equivalent is robbery. "If any will not work, neither shall he eat." The interests of rural and civic labor are the same; their interests are identical.

3. We believe that the time has come when the people will no longer submit to an administration by the government over the people, and should the government ever again attempt to do so, we will resist it by all lawful means.

4. We demand a national currency, safe, sound, and stable, issued by the general government only, a full legal tender for all debts, public and private, and that without the use of banking or currency, a just, equitable and efficient means of distribution direct to the people, at a tax not exceeding two per centum per annum, be provided, and set forth in the treasury plan of the Finance Alliance, or some better system; also by paying the discharge of its obligations for public improvements.

5. We demand the free and unlimited exchange of silver and gold at the present legal ratio of 16 to 1.

6. We demand that the amount of the circulating medium be increased to not less than \$50 per capita.

7. We demand a graduated income tax.

8. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all state and national revenue shall be limited to the necessary expenses of the government, economically and honestly administered.

9. We demand that postal savings banks be established by the government for the safe deposit of the savings of the people and to facilitate exchange.

10. Transportation being a means of exchange, and public necessity, the government should own and operate the railroads in the interests of the people.

11. The telegraph and the telephone, like the postoffice system, being a necessity for transmitting news, should be owned and operated by the government in the interests of the people.

12. The land, including all the natural resources of the earth, is the heritage of all the people, and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All lands now held by railroads and other corporations, in excess of their actual needs, and all lands now owned by private individuals, should be sold by the government and held for actual settlers only.

And we declare: It is apparent that there is a collision between the leaders of the so-called Republicans and Democratic parties, in order to keep the people into fancied security by change administration, in name only, that they may the better serve their foreign masters, as has been the case for the last twenty-five years, and

WHEREAS: It is necessary, in order to conquer the common enemy, to unite under a common banner, and not fritter our time and strength away in fostering local parties of different names. Therefore be it further

Resolved: That, in our opinion, the Silver party of this State should drop its local name and fall into line with the National People's Party, in order to accomplish the reform which it seeks by being organized for the great national conflict of 1896. And

WHEREAS: We recognize the fact, that those who are not for us are against us, and that union with enemies or like warm friends is always a source of weakness to those who are struggling for justice. Therefore be it further

Resolved: That our delegates to the People's party Convention to be held at Reno on the 6th day of September 1894, be, and they hereby are, instructed to oppose any union with any other party whatever, and that if they give promise to do so, that they instruct their proxies to the same effect.
